This is my first visit to the 65 Website. Congrats to all who had a hand in creating and maintaining it. Looking forward to learning more about the site and my old friends.

YOU GUYS ROCK!!!!
Great website by a great class of folks!
See you all at the next one. 😊

I was unable to attend your reunion but congrats to all who worked so hard to plan such a wonderful event! I hope to be able to make the next one. I get to Madrid often - to the Prado and lunch at the Ritz across from The Prado. Question?? Does anyone know if I can get onto the old base? Is it under Spanish authority? I would be glad to get on and see the old school etc... I get to Madrid about once or twice a month!

 The 40th in Ft. Lauderdale had to be the most life affirming time I have spent in the past 20 years. Thanks to all for being who you are. I had almost forgotten where I had come from (living in the South can do that to you). Now there is no question where my home town is and where I will go home to visit in 2008.

Here's the link to the Class of '64's website; Tom has Ft. Lauderdale pictures posted.

Fantastic, Andy!

I knew you could breathe live back into the Class of '65 website 😊
Can hardly wait for the ba-zillion photos and your video to be up so I can vicariously relive the Ft. Lauderdale experience

Andy, just dropped in to see the new web page and it looks pretty good. One question however, when are you going to post those pictures I sent you that you wanted from MHS?

Thanks Andy. The site looks great. We're really looking forward to the reunion. Especially seeing the "old" classmates who haven't made it to the last few reunions. See you next week. Eddie
